

PATIENT NA FOCUS GROUP DISCUSSION QUESTIONS (*recorded*)

1. Thinking about the same difficult decision that you have already answered some questions about, what was it about the decision that made it difficult?

2. What help would you like to have had at the time you were making that difficult decision?

3. Would you have found it helpful to talk to someone other than your doctor about the decision?

Who else would you like to have talked to?

4. If there were information available about the decision, would you have used it?

Probe: If not, why not

Would you go to another part of the hospital to pick it up? If not, why not

5. If you received a videotape/DVD program from your doctor in the mail before your annual physical exam, would you watch it?

6. Would you have been willing to answer questions on your computer at home and send the answers back to your doctor **BEFORE** your visit?

7. How does the cost of healthcare affect your treatment choices?

Thank You
