A Shared Decision-Making® Program produced by Health Dialog. Researched and evaluated by the Foundation for Informed Medical Decision Making.

Looking Ahead

Choices for medical care when you're seriously ill

A diagnosis of a life-threatening illness leads to many difficult decisions about the care you wish to receive. This program includes information about life-sustaining care; the role of palliative care in improving quality of life from the time of diagnosis; hospice care, and the benefits of having advance directives.
