

Awarded from General Funds of the Hitchcock Foundation

David Pastel, M.D., Department of Radiology, for “Lumbar MR Imaging: Does Epidemiologic Data in Radiology Reports Affect Patient Management and Outcomes in the Primary Care Setting?”

Karen Walker, M.D., Department of Surgery, for “Serum Adiponectin Level and outcomes Following Lower Extremity Revascularization”

David Graber, Ph.D., Department of Pathology, for “Identifying Novel Anti-Inflammatory Agents for Inhibiting the Neuroinflammation Associated with Neurological Illnesses”

Jonathan Jones, M.D., Department of Medicine, for “Rituximab Modulates B Cell Function Through Shaving”

Kimon Bekelis, M.D., Department of Surgery, for “MicroRNA Sequence and Expression Analysis in Cerebral Aneurysms by Deep Sequencing”

Erik Fung, MD, ChB, Ph.D., Department of Medicine, for “Leveraging Outliers at Discordant Dose Extremes to Identify Novel Warfarin Pharmacogenetic Determinants”

Wilder Doucette, M.D., Ph.D., Department of Psychiatry, for “Deep Brain Stimulation to Modulate Binge Eating in an Animal Model: Towards the Development of New Treatments”

Michael Zegans, M.D., Department of Surgery, for “anti-Ps1 mAbs / Pseudomonas Aeruginosa Collaboration”

Courtney Hill, M.D., Department of Surgery for “Taste Acuity and Obesity in Children with Chronic Tonsillitis”

Laura Tafe, M.D., Department of Pathology for “Biomarker Defined Distribution of Ovarian Carcinoma Histologic Types in Ugandan Women”

Jay Buckey, M.D., Department of Medicine for “Hearing Loss, Poor Vision, and Peripheral Neuropathy: Understanding Endemic Syndrome in Tanzania”

Student Research Awards

Pablo Valdes, DMS IV for “Development and Validation of a Multiparametric MRI Biomarker Predictive of Early Treatment in Recurrent GBM”

Schumann Lecture

October 8, 2013

Lisa Schwartz, M.D. and Steven Woloshin, M.D.

Professor of Medicine and of Community & Family Medicine

Co-Directors, Center for Medicine in the Media

Co-Directors, VA Outcomes Group, White River Jct. VA

“Before You Take That Pill... Understanding the Benefits and Harms of Prescription Drugs.”

Managed by the Foundation:

- 37 active Hitchcock Foundation-sponsored research grants.
- 319 Advised Funds – Research and educational funds managed by the Foundation for departments, sections and individuals at Dartmouth-Hitchcock Medical Center.
- 201 Sponsored Research Funds – Research funded from sources outside the Hitchcock Foundation; generally clinical studies or educational programs funded by pharmaceutical companies, medical equipment research and development companies or other corporate or foundation sources.

Residents' Revolving Loan Fund

The Residents' Revolving Loan Fund provides emergency loans to resident doctors while in training at DHMC.

- 13 outstanding loans
