How does collaboration among patients, professionals, providers and social support systems improve patient health and well-being?

Managed by the Foundation:

- 42 active Hitchcock Foundation-sponsored research grants.
- 317 Advised Funds — Research and educational funds managed by the Foundation for departments, sections and individuals.
- 72 Special Project Funds — Research funded from sources outside the Hitchcock Foundation; generally clinical studies funded by pharmaceutical, medical equipment supply companies and other corporate sources.
