

Tell us about yourself

19. Age: _____ years old

20. Education level:

- 8th grade or less
- Some high school
- Graduated from high school or GED
- Some college or technical school
- Graduated from college
- Postgraduate school or degree

Video Feedback

21. How would you rate the length of the video?

- Should be much shorter
- Should be a little shorter
- About right
- Could be a little longer
- Could be much longer

22. How balanced was the video's information about mastectomy versus lumpectomy (with or without additional treatment) for DCIS?

- Clearly slanted towards mastectomy
- A little slanted towards mastectomy
- Completely balanced
- A little slanted towards lumpectomy
- Clearly slanted towards lumpectomy

23. Overall, how would you rate the video?

- Poor
- Fair
- Good
- Very good
- Excellent

24. Please write comments about the video or booklet here:

DUCTAL CARCINOMA IN SITU (DCIS):

Personal Decision Form

There are several different ways to treat ductal carcinoma in situ (DCIS). Each has possible benefits and risks. This form and video, together with your healthcare team, will help you make the decision that is best for you.

Please return this form with the video.

Your answers will tell us three important things:

Knowledge	
	How well we are doing our job of giving you information?
Values	
	What matters most to you?
Making Choices	
	How far along you are in decision making and what else you may need?

BEFORE WATCHING THE VIDEO, PLEASE ANSWER QUESTION 1 – 2

1. Have you talked with a healthcare provider about this decision?
 - Yes
 - No
2. At this time, which treatment option are you leaning toward?
 - Lumpectomy alone
 - Lumpectomy with radiation
 - Lumpectomy with radiation and tamoxifen
 - Mastectomy
 - Unsure

NOW, PLEASE WATCH THE VIDEO

Knowledge

AFTER WATCHING THE VIDEO,
please check **one answer for each question.**

3. About how many women treated for DCIS will die from breast cancer over ten years?

- Almost none
- About a quarter
- About half
- Almost all
- I am not sure

4. Which patients treated for DCIS have the highest chance of having the breast cancer come back?

- Mastectomy
- Lumpectomy and radiation
- Lumpectomy alone
- There is little or no difference between the choices
- I am not sure

5. Which patients treated for DCIS live longer? Those who have...

- Mastectomy
- Lumpectomy and radiation
- Lumpectomy alone
- There is little or no difference between the choices
- I am not sure

6. The reason for treating DCIS is:

- To prevent DCIS from becoming invasive
- To lower the chances of DCIS coming back
- Both
- Neither
- I am not sure

7. Which of the following are possible side effects of radiation for breast cancer? **(check all that apply)**

- Fatigue (being tired)
- Hair loss
- Pain
- Skin color changes (like a sun burn or tan on the breast)
- I am not sure

Values

On a scale from 1 to 10, where
1 is not at all important and 10 is very important:

- | How important is it to . . . | Not at all
important | Very
important |
|---|---------------------------------|---------------------------|
| 8. keep your breast? | 1 2 3 4 5 6 7 8 9 10 | |
| 9. prevent invasive cancer? | 1 2 3 4 5 6 7 8 9 10 | |
| 10. avoid radiation? | 1 2 3 4 5 6 7 8 9 10 | |
| 11. remove your whole breast? | 1 2 3 4 5 6 7 8 9 10 | |
| 12. prevent DCIS from coming back? | 1 2 3 4 5 6 7 8 9 10 | |

Making Choices

13. At this time, which treatment option are you leaning toward?

- Lumpectomy alone
- Lumpectomy with radiation
- Lumpectomy with radiation and tamoxifen
- Mastectomy
- Unsure

14. Do you feel sure about the best choice for you?

Yes **No**

15. Do you know the benefits and risks of each option?

16. Are you clear which benefits and risks matter most to you?

17. Do you have enough support and advice to make a choice?

18. What do you plan to do next?

- Get the treatment I chose
- Get more information
- Talk now with a member of my health care team
- At my next visit, talk with my health care provider
- Other _____
